NAUTIZ eTicket Pro

Rugged, powerful and full-featured

The Nautiz eTicket Pro® is a versatile PDA designed for payment transactions and validations. With its category-leading combination of performance features in a small but rugged package the Nautiz eTicket Pro is the perfect handheld for fare collection in public transport. The Nautiz eTicket Pro is designed to provide everything you need for optimum in-the-field computing performance – this handheld offers a total package of unmatched capabilities in a rugged format.

First of all, the Nautiz eTicket Pro is fast and powerful. Its high-speed 806 MHz Xscale processor, 256 MB RAM and 512 MB Flash memory is unsurpassed in the handheld market – this mobile computer can keep up with you. And it's easy to use and practical. With Windows Mobile 6.1, a full VGA, daylight visible screen, and a battery that lasts more than a full workday on a single charge this handheld takes desktop computing efficiency out into the field.

The built-in smart card reader supports various ISO14443 type A/B RFID devices. The contactless electronic link between the card and the reader allows for the fast interface that is needed in security and payment systems.

The Nautiz eTicket Pro is also a feature-rich device. It has an integrated 3 megapixel autofocus camera, and it also includes integrated 2-D imager. It offers GSM/UMTS voice and high speed HSDPA data connectivity with lightning-fast, 3G communication. The Nautiz eTicket has integrated Bluetooth and 802.11b/g, with WPA2 encryption for improved security and CCX certification for better interoperability. And with state-of-the-art SiRF Instant Fix II technology, the Nautiz eTicket's GPS computes positions in seconds.

Finally, this handheld is tough and mobile enough to take anywhere. An IP65 rating means the Nautiz eTicket Pro is impervious to dust and highly water-resistant, and it can withstand drops from 6 feet and operate in a wide range of temperatures. It weighs only 14.5 ounces and fits comfortably in your hand.

The Nautiz eTicket Pro brings together the latest features and technology to deliver a mobile handheld device that does it all, and does it well.
